Dear Valued Customers,

***Warmest greetings from Dagang Net Technologies Sdn Bhd.***

**ANNOUNCEMENT ON THE ePCO SYSTEM NEW ENHANCEMENTS**

This is to inform that the ePCO system will be enhanced with new features to accommodate the new ASEAN Trade in Goods Agreement (ATIGA) Operational Certification Procedure (OCP) which has been gazetted as follows:

| No. | Enhancement  | Effective Date   |
|-----|--|--|
| 1.  | Issued Retroactively (IR) in Box 13 of the ATIGA Form D will now be automatically ticked (v) and locked one (1) day after exportation date in accordance with Rule 10 of the new ATIGA OCP   | 1 May 2022   |
| 2.  | Traders may print the approved Form D and its Overleaf Notes on ISO A4 size white paper and are no longer required to print the Form D on a 3-ply pre-printed form. This facility however is applicable only:<br>(i) when there are technical issues that could not be resolved promptly (traders will be advised by MITI/DNT when there is such case); and<br>(ii) for exportation to Myanmar via ports that have yet to accept e-Form D.<br><br>Malaysia will continue to issue ATIGA e-Form D via the ASEAN Single Window (ASW) for exportation to all other ASEAN Member States (AMS). | TBC<br><br><b>"Traders may continue to use the pre-printed 3-ply form until 31 October 2022"</b> |

**PENGUMUMAN PENAMBAHBAIKAN SISTEM ePCO**

Dimaklumkan bahawa sistem ePCO akan dipertingkatkan dengan ciri-ciri baharu bagi menampung *ASEAN Trade in Goods Agreement (ATIGA) Operational Certification Procedure (OCP)* baharu yang telah diwartakan seperti berikut:

| No. | Penambahbaikan   | Tarikh Berkuatkuasa   |
|-----|--|---|
| 1.  | Issued Retroactively (IR) dalam Kotak 13 Borang D ATIGA kini akan ditandakan secara automatik (v) dan dikunci satu (1) hari selepas tarikh pengeksportan mengikut Peraturan 10 ATIGA OCP baharu  | 1 May 2022  |
| 2.  | Pihak syarikat boleh mencetak Borang D yang diluluskan dan <i>Overleaf Notes</i> pada kertas putih saiz ISO A4 dan tidak lagi perlu mencetak Borang D pada borang pracetak 3 lapis. Kemudahan ini walau bagaimanapun hanya terpakai:<br><br>(iii) apabila terdapat isu teknikal yang tidak dapat diselesaikan dengan segera (syarikat akan dinasihatkan oleh MITI/DNT apabila terdapat kes sedemikian); dan<br><br>(iv) untuk eksport ke Myanmar melalui pelabuhan yang masih belum menerima e-Borang D.<br><br>Malaysia akan terus mengeluarkan ATIGA e-Borang D melalui ASEAN Single Window (ASW) untuk dieksport ke semua Negara Anggota ASEAN (AMS) yang lain. | Akan diumumkan kemudian<br><br><b>"Syarikat boleh terus menggunakan borang 3 lapis pracetak sehingga 31 Oktober 2022"</b> |
