Critical Success Factors

DagangNet

NSW Services

NSW - Introduction

A one-stop trade facilitation system linking relevant government agencies and trading communities and also other various businesses involved in global trade and logistics

www.mytradelink.gov.my

The benefits:

❶ Simplified, standardized and synchronized trade processes

❷ Significant reduction of manual paperwork and physical process

❸ Increased efficiency of data processing, release and clearance of cargo

❹ Convenient reusability of data and information

❺ Transparency of approval processes through the functionality of individual NSW services

NSW Services

e Manifest

A web-based shipping community system to facilitate submission of **manifest** from the port users to the respective authorities.

e Declare

A web-based Customs declaration service that facilitates the preparation and submission of **trade declarations**

e PCO

A web-based **certificate of origin** application and approval system that **certifies the country of origin** of a particular product.

6 Core Services

e Payment

A web-based duty payment service that enables preparation and submission of **duty payment** to Customs.

e PermitSTA
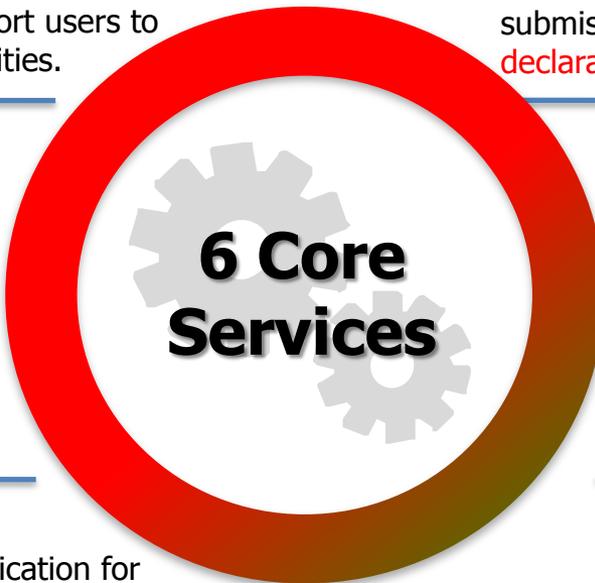

A web-based permit application for **Strategic Trade Act 2010** (STA 2010) that enables **application and approval of pre-registration and permits** under the purview of the STA 2010.

e Permit

A web-based import / export **permit applications** to relevant Permit Issuing Agencies

Dagang Net

eManifest - Introduction

Value-added Shipping Community System: allows the port users submit Customs Conveyance Report (CUSREP) & Customs Cargo Report (CUSCAR) to the respective authorities nationwide

Designed to cater for needs of different user groups
Such as Principal Shipping/Shipping Agents,
Port Authorities/Free Zone Authorities,
SCN Issuing Authorities, Port Operator, Pilotage
& Customs

Utilising the Internet as the primary
Data Carrier Source
