Introduction

ASW Pilot Project (Scaled Down Version)

3 Components identified to form a project scope

Component 1 - Studying the establishment of the most feasible network architecture to conduct the ASW Pilot Project

Component 2 - Setting up the network infrastructure agreed by AMS to implement the ASW Pilot Project

Component 3 - Conducting the evaluation of outcomes of the Pilot Project and formulation of recommendations for the eventual ASW

Project Goals

ASW as a Cross-Border trade communication "back-bone"

NSW to NSW Communication via ASW Gateways

Agreed document to be exchanged between AMS :
ASEAN Trade In Goods Agreement (ATIGA) Form D
and ASEAN Customs Declaration Document (ACDD)

All AMS participating by 2015
